Scott Vogell: 326-4030

Lee Wylie: 326-4586

# COMMUNITY VISIONING MEETING 2

## CASTINE: CHARTING THE FUTURE OUR GREAT UNDERTAKING

### A SECOND COMMUNITY VISIONING MEETING Led by the Castine Comprehensive Planning Committee (CCPC)

Castine's "Great Undertaking" will be in the form of a second community visioning meeting for all who have an interest in the future of Castine. Everyone at the meeting will have the opportunity to identify town related challenges and propose solutions to those challenges. The feedback from this meeting will be useful for updating Castine's Comprehensive Plan. Optimism and non-judgement are important to this visioning process. Please attend and bring a friend on 4 February from 1:00 - 3:00 p.m.

**YOUR CASTINE COMPREHENSIVE PLANNING COMMITTEE WANTS TO HEAR FROM YOU AGAIN!** We thank you for your enthusiastic participation at the first public meeting, held in November, when we explored community character and special places.

You are invited to attend the second public meeting to help define the challenges facing Castine's future and to propose solutions to those challenges. The objective of this public meeting is to let the voices of Castine be heard so that together we can shape the future of our community.

#### **MEETING AGENDA:**

- Overview of the objective of the meeting and rules of participation
- Break into small groups
- List Challenges and Propose Solutions within the small groups
- Rejoin as one group to present small group lists
- Consolidate the lists
- Announcements
- Prioritize the challenges—put your dots where they count most
